# Testimonials

## *Proven - Professional - Passionate*

"I am loving my two infrared heating units outside on my pergola. They keep me so warm and toasty and I am thrilled because they will extend the season where I can sit outside on my beautiful deck and enjoy my view. They look great and disappear into the decor. I am thrilled. Great service, excellent advice, quality product."  
**-Diane**

"Very Knowledgeable. Honest. Easy to talk to. Jeff really knows his stuff."  
**-Ken Jones**

"I love my heating unit and thermostat in my pool room. I keep it on all winter because the hot tub is right outside the door. We love how inexpensive the unit is to run all winter. I have never experienced a more efficient heating unit."  
**- Martin Orr**

"Great customer service from Jeff, the owner. Knowledgeable and spent the time with me to make sure I knew what I was buying."  
**- Jochen Frey**

"Great help in selecting heating components. Would recommend!"  
**-Destin Peters**

"The professional team at Heating Green is an absolute pleasure to work with. They answer all of my questions thoroughly and with expertise. If you want to experience the sun-like warmth from infrared heating, I highly recommend getting in touch with them!"  
**-Matt A**

"Very Professional =))))))  
Love our new panels!"  
**-Sarah Rainwater**
